

CSEA 9202 Minutes of meeting – 6/14/16

In attendance:

Carol Ann Zavarella – President

Jose Chavez – Treasurer

Teresa Michaud – Secretary

Two disciplinary cases (Section 75) were discussed. Carol Ann expressed that both members may be let go.

BOT meetings – vacation schedules were discussed to determine who could attend those meetings.

Jose needs to be put on bank account. Teresa needs key to union office from John Sheridan (she has it).

Discussion of Math Division not having Division Secretary and the grade 6 Office Assistants being given the Secretary I duties. The Dean can split the duties amongst the grade 6 staff. In order for out of title pay, only one person can do the responsibilities of the upper grade level 7 hours a day. Staff should not say “no” when asked to do something that they feel is out of their title or they can be sited with insubordination. They must do the task and then speak with a union rep.

Rewriting the charges against the County and the College regarding the contract was discussed. Astorino did not follow past practice of sending to BOL. He bargained in bad faith by releasing false & malicious information i.e. salary scales, insurance, tuition increase.

Playland attendance was discussed.

Having a rally right before the trial regarding the contract. It was discussed that signs should be made up and information should be given out showing the legal fees the County and College incurred because of this lawsuit, the loss of healthcare contribution, the salary differences between CSEA 9200 and CSEA 9202.

Respectfully submitted – Teresa Michaud, Secretary
